Adjourn

LAKE CHAFFEE IMPROVEMENT ASSOCIATION, INC
ASSOCIATION RESEARCH COMMITTEE
THURSDAY, June 20, 2013
6:00 PM @LAKE CHAFFEE HALL
MINUTES

Call to Order 6:10 pm.

In attendance: Robert DeVito, Ralph Sherman, Ken Garee, Ivan Wasko.

New Business:

Discussed what the mission/goals of the Association Research Committee (ARC) are and to ascertain specifics from the town regarding their position should the potential dissolution of Lake Chaffee Improvement Association, (L.C.I.A.), occur.

During the discussion a number of past research activities were noted and some reviewed. The documentation regarding the aforementioned past events primarily indicated general statements regarding outcomes and processes to be followed, as opposed to specific results from discussions with the town of Ashford.

Discussion Results:

The Committee determined its mission/goals will be to explore specifics/details with the Town of Ashford regarding their position should the L.C.I.A ever choose to dissolve.

The mission of ARC is not to enact nor initiate any dissolution activities but merely to seek understanding with the town of Ashford for specific questions and theoretical scenarios.

The Committee also determined that all findings resulting from the discussions with the Town of Ashford would be reported to the L.C.I.A. Board of Directors at their regular meetings.

Adjourn 7:40pm.

*Next meeting at 6:00 June 27th,
Thursday*
